

Vickers & Nolan Enterprises (VNE)

CAPABILITIES

INTELLIGENT DESIGN FOR INTELLIGENCE SOLUTIONS

We are a **TECHNOLOGY** company

- SDVOSB
- Founded in 2004; 2020 Merged with GS5, LLC
- 100 employees
- **Foundation:** comprehensive understanding of Intelligence collection processes and the data used by collectors and managers
- **Mission:** to find, create, and apply the appropriate technologies to solve problems in the tactical intelligence community, using solid expertise in engineering and program management
- **Facilities:** VNE maintains both administrative offices and direct support facilities in Stafford, VA and Dumfries, VA

Headquarters

Stafford, VA

Strategic Mission Locations

Quantico, VA

Charleston, SC

Ft. Belvoir, VA

NSWC Crane, IN

Virginia Beach, VA

Reston, VA

Redstone Arsenal, AL

Eglin AFB, FL

- **Improve** the effectiveness and efficiency of tactical C5ISR/Intelligence systems and training
- **Develop and integrate** software solutions that improve tactical C5ISR and related Intelligence operations
- **Assist** customers in defining their requirements and articulating exact needs to accurately select and develop technology solutions/products
- **Develop and facilitate training** utilizing a systematic approach that ensures the delivery of curricula that meets the specific need

VNE Services & Products

Engineering & Technical Services

- Systems Engineering & Software Development
- Technical, Architectural, & Design Analysis
- Hardware & Software Integration
- Test & Evaluation
- Network Engineering
- Systems Administration & Helpdesk Support

Intelligence & Cybersecurity Services

- DoD Intelligence Analysis & Tactical Operations
- Tactical Intelligence Training Curriculum
- RMF & Defensive Cyber Operations

Our Services...

Acquisition Services

- Program & Acquisition Lifecycle Support
- Program Management & Administration
- Procurement and Contract Support Services

Integrated Logistics Support

- Acquisition Logistics Support & Technical Data/Publication Development
- Equipment Fielding, Testing, & Field Service Representative (FSR) Support
- Training Program & Curriculum Development
- Classroom Instruction, Field Service Training & Computer-based Training (CBT) Development

...and Products

Software

.Net, Java, JavaScript, SQL, Hibernate, Spring, C#, Flash, Maven, Tomcat, XML, Jboss, etc.

Web Applications

Customized SharePoint & Web-based Tool Integration

Training Curriculum

Tactical Intelligence Analysis Courseware & CBT Modules

Certified Personnel

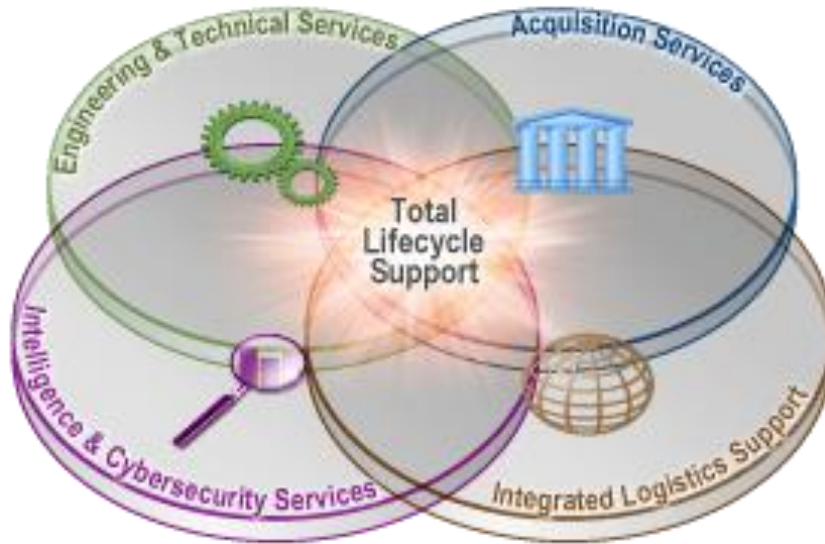

PMP & Cybersecurity Disciplines

Providing a range of services and products supporting C5ISR systems for the DoD and IC.

Leadership Team

★ VNE Management Team/Company Owner

Trusted Professionals

Our Effective Hiring Processes and Retention Enable Us to Support a Range of Missions

A Valued Partner

Mission Oriented, Experienced Staff, Solving Problems, and Providing the Correct Layer of Support

Trusted Professionals

We are value-added partners. We provide trusted professionals that stay laser-focused on mission accomplishment, getting things done, solving problems and bolstering value in all deliverables.

Mission-Oriented

Over 50% of VNE's staff comes with former military and/or Law Enforcement experience. Our staff holds full understanding of and commitment to customer mission.

Direct Access

Our Program Managers are the primary interface to the customer with direct access to senior VNE management. We provide transparency, continuity, time savings and rapid resolution of issues with no bureaucratic overhead.

Current Capabilities

- ✓ PPBE management
- ✓ Project Monitoring and Control
- ✓ System Transition & Strategic Planning
- ✓ Integrated Logistics Support
- ✓ Risk Management & Governance
- ✓ Strategic Communications
- ✓ Procurement Support (contracting, purchasing, solicitation documentation)
- ✓ Administrative support services
- ✓ Requirements Development Analysis and Management

Key Differentiators

- ✓ PMO experienced staff
- ✓ Project Management tool development and integration
- ✓ Flexibility to support “Big A and Little A” activities
- ✓ Professionally credentialed and certified staff in Acquisition Program Management and Logistics

Key Customers

- ✓ U.S. Marine Corps
 - Marine Corps Intelligence Activity (MCIA)
 - Marine Corps Systems Command (MCSC)
 - Headquarters Marine Corps (HQMC) Deputy Commandant for Information (DC-I) War Room Division (WRD)
 - Marine Corps Combat Development Command (MCCDC), Combat Development and Integration (CD&I)
- ✓ U.S. Navy
 - Naval Information Warfare Center (NIWC)
 - Naval Surface Warfare Center (NSWC) - Crane
- ✓ Defense Threat Reduction Agency (DTRA)
- ✓ Federal Bureau of Investigation (FBI)
 - FBI Critical Incident Response Group

Key Programs

- ✓ Marine Corps Program Manager Intelligence Systems (PM IS)
- ✓ Marine Corps Intelligence Activity Program Management Office (S-6) Support
- ✓ Marine Corps Intelligence, Surveillance, and Reconnaissance Enterprise (MCISR-E)
- ✓ Marine Corps Intelligence Support Services
- ✓ CD&I Capabilities Development Directorate (CDD) Technical and Analytical Support
- ✓ FBI CIRG Counter-Improvised Explosive Device Section (CIEDS) Program Support Services
- ✓ DTRA Cooperative Threat Reduction (CTR)
- ✓ Contracts Directorate, NSWC-Crane

Current Capabilities

- ✓ Systems Engineering and Software Development
- ✓ Technical, Architectural and Design Analysis
- ✓ Science and Technology (S&T), Technology Assessment studies, and JCIDS support
- ✓ Research & Development, (R&D) and Rapid Technology Insertion (RTI)
- ✓ Hardware and Software Integration
- ✓ Test and Evaluation
- ✓ Network Engineering
- ✓ Systems Administration and Helpdesk Support

Key Customers

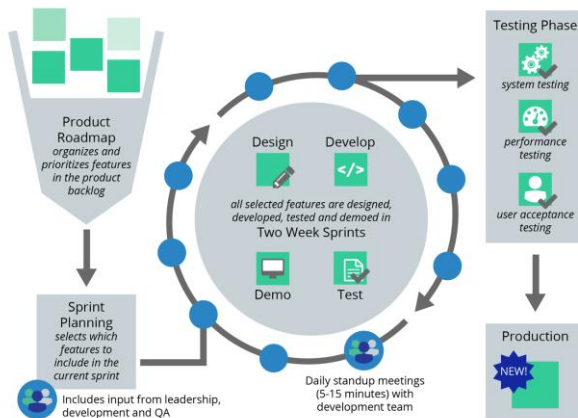

- ✓ U.S. Marine Corps
 - Marine Corps Intelligence Activity (MCIA)
 - Marine Corps Systems Command (MCSC)
 - Headquarters Marine Corps (HQMC) Deputy Commandant for Information (DC-I) War Room Division (WRD)
 - Marine Corps Combat Development Command (MCCDC), Combat Development and Integration (CD&I)
- ✓ U.S. Navy
 - Naval Information Warfare Center (NIWC)
 - Office of Naval Research (ONR)
- ✓ Defense Threat Reduction Agency
- ✓ Federal Bureau of Investigation (FBI)
 - FBI Critical Incident Response Group

Key Differentiators

- ✓ Experience providing IEEE Systems and Software Engineering process (IEEE 15288 & IEEE12207) compliant products and services
- ✓ Systems integrator for mission-critical capabilities
- ✓ Develop tactical intelligence software tools
- ✓ RTI of Marine Corps intelligence applications
- ✓ System, Software, Interoperability, and Operational Test Expertise
- ✓ Utilize Agile Development Processes
- ✓ Engineering expertise across the MCISR-E Programs of Record (PoR) / Systems

Key Programs

- ✓ Marine Corps Program Manager Intelligence Systems (PM IS)
- ✓ Marine Corps Intelligence, Surveillance, and Reconnaissance Enterprise (MCISR-E)
- ✓ Marine Corps Intelligence Support Services
- ✓ Information Modernization and Concept Exploration (Info Mods) (formerly known as RadBn Mods)
- ✓ CD&I Capabilities Development Directorate (CDD) Technical and Analytical Support
- ✓ Automated Collection Planning (ACP) Tool
- ✓ Automated Sensor Plan and Optimization (ASPO) Tool
- ✓ FBI CIRG CIEDS Program Support Services
- ✓ Joint Improvised-Threat Defeat Organization (JIDO)

Current Capabilities

- ✓ Multi-intelligence analysis to include SIGINT, GEOINT, All-Source, and CI/HUMINT
- ✓ Cybersecurity and Information Warfare
- ✓ Electronic Warfare (EW) and Electronic Countermeasures (ECM) Operations
- ✓ Equipment training for Intelligence systems and tools
- ✓ Marine Corps Intelligence operations training
- ✓ Counter Radio Controlled Improvised Explosive Device (RCIED) and supporting ECM systems training and operational deployment

Key Customers

- ✓ U.S. Marine Corps
 - Marine Corps Intelligence Activity (MCIA)
 - Marine Corps Systems Command (MCSC)
 - Headquarters Marine Corps (HQMC) Deputy Commandant for Information (DC-I) War Room Division (WRD)
 - Marine Corps Intelligence School (MCIS)
 - Marine Corps Combat Development Command (MCCDC), Combat Development and Integration (CD&I)
- ✓ U.S. Navy
 - Naval Information Warfare Center (NIWC)
- ✓ Defense Threat Reduction Agency
- ✓ Federal Bureau of Investigation (FBI)
 - FBI Critical Incident Response Group

Key Differentiators

- ✓ Provide a variety of intelligence analysis products to USMC, Navy and FBI
- ✓ Operational expertise key to successful integration of intelligence systems and tools
- ✓ Expert knowledge of Intelligence operations supports development of TTPs
- ✓ Develop USMC Cybersecurity, EW and Information Warfare doctrine and requirements
- ✓ Provide Subject Matter Expertise and Instructors for curriculum development, classroom instruction at the Marine Corps Intelligence School (MCIS)

Key Programs

- ✓ Marine Corps Intelligence, Surveillance, and Reconnaissance Enterprise (MCISR-E)
- ✓ Marine Corps Intelligence Support Services
- ✓ Information Modernization and Concept Exploration (Info Mods)
- ✓ Marine Corps Program Manager Intelligence Systems (PM IS)
- ✓ CD&I Capabilities Development Directorate (CDD) Technical and Analytical Support
- ✓ Automated Collection Planning (ACP) Tool
- ✓ Automated Sensor Plan and Optimization (ASPO) Tool
- ✓ FBI CIRG CIEDS Program Support Services
- ✓ Joint Improvised-Threat Defeat Organization (JIDO)

Intelligence Services – Cyber

Current Capabilities

- ✓ Cybersecurity, EW, Information Warfare and Operations in the Information Environment
- ✓ Risk Management Framework (RMF) support
- ✓ Assessment & Authorization (A&A) and Certification and Accreditation (C&A) to achieve ATO compliance
- ✓ Computer Network Defense, IA Security Architecture Engineering, and IA Management
- ✓ Enterprise Information Services (EIS) systems/software/networks
- ✓ Network Operations Center and Process, Exploitation and Dissemination (PED) support

Key Differentiators

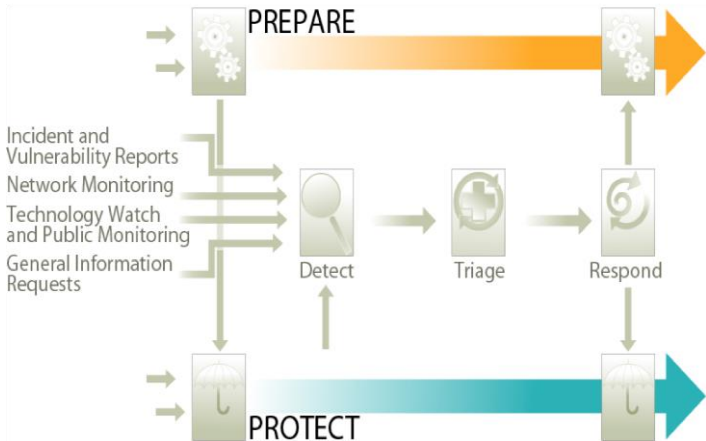

- ✓ Design, development, integration, testing, deployment & sustainment of the MCISR-E
- ✓ Develop USMC Cybersecurity, EW and Information Warfare doctrine and requirements
- ✓ Provided 24x7x365 Cybersecurity watch for the MCIA Network Operations Center (NOC)
- ✓ Provided IA Support, IA Planning, IAM, IAT, ISSM, IA Officer/Information System Security Officer support to MCIA
- ✓ Operated, tuned, and maintained MCISR-E and NOC Cybersecurity tools, software, devices, appliances, systems and networks

Key Customers

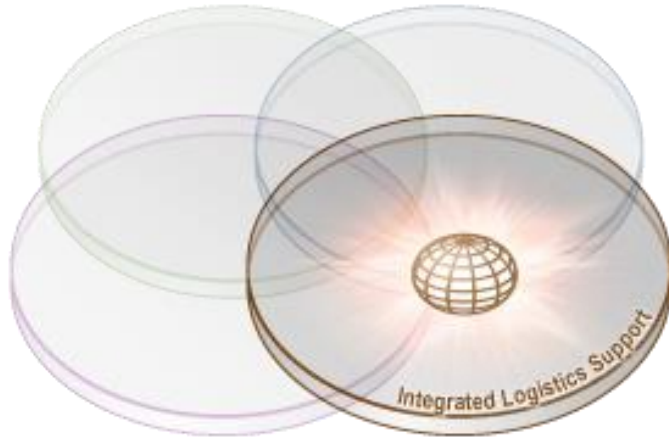

- ✓ U.S. Marine Corps
 - Marine Corps Intelligence Activity (MCIA)
 - Headquarters Marine Corps (HQMC) Deputy Commandant for Information (DC-I) War Room Division (WRD)
 - Marine Corps Combat Development Command (MCCDC), Combat Development and Integration (CD&I)
- ✓ U.S. Navy
 - Naval Information Warfare Center (NIWC)

Key Programs

- ✓ Marine Corps Intelligence, Surveillance, and Reconnaissance Enterprise (MCISR-E)
- ✓ MCIA MCISR-E Information Technology (IT) Support Services
- ✓ Marine Corps Intelligence Support Services
- ✓ Information Modernization and Concept Exploration (Info Mods)
- ✓ CD&I Capabilities Development Directorate (CDD) Information Warfare Integration Division (IWID) Technical and Analytical Support

Integrated Logistics Support

Current Capabilities

- ✓ Acquisition logistics support
- ✓ Documentation development
 - Program-level logistics documentation
 - Technical data and publication development
 - Fielding and sustainment documentation
- ✓ Enterprise logistics and asset management
- ✓ Fielding and PHS&T support
- ✓ Equipment delivery, set up, testing, and field service representative (FSR) support
- ✓ Training program and curriculum development
- ✓ Classroom instruction and field service training
- ✓ Computer-based training (CBT)

Key Differentiators

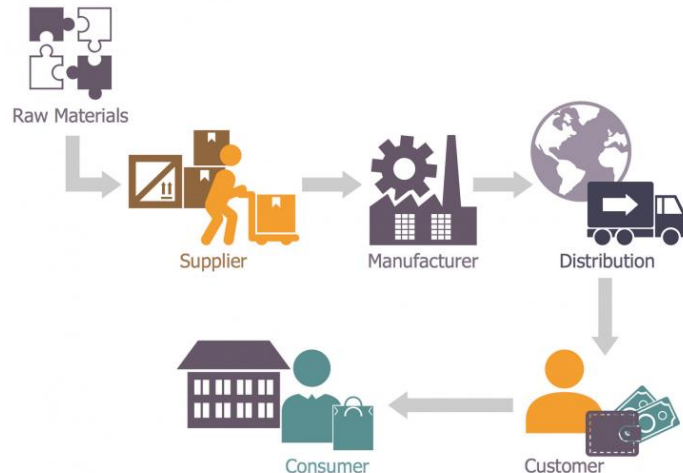

- ✓ Provided acquisition logistics support for MCISR-E Programs of Record (PoR)
- ✓ Provide logistics management, fielding and sustainment support, and training for the FBI CIRG CIEDS equipment program
- ✓ Provide asset management and PHS&T support for the RadBn Mods, MCIA IT support, and MCIS programs
- ✓ Maintain ASID records and DPAS for MCIA and MCIS assets
- ✓ Curriculum development and classroom instruction at the MCIS, training of MCISR-E PoRs, and develop CBTs for USMC Intelligence systems
- ✓ Training program support to the FBI CIRG

Key Customers

- ✓ U.S. Marine Corps
 - Marine Corps Intelligence Activity (MCIA)
 - Marine Corps Systems Command (MCSC)
 - Headquarters Marine Corps (HQMC) Deputy Commandant for Information (DC-I) War Room Division (WRD)
 - Marine Corps Intelligence School (MCIS)
- ✓ U.S. Navy
 - Naval Information Warfare Center (NIWC)
- ✓ Federal Bureau of Investigation (FBI)
 - FBI Critical Incident Response Group (CIRG)

Key Programs

- ✓ FBI CIRG Counter-Improvised Explosive Device Section (CIEDS) Program Support
- ✓ Marine Corps Intelligence Support Services
- ✓ Marine Corps Intelligence, Surveillance, and Reconnaissance Enterprise (MCISR-E)
- ✓ Information Modernization and Concept Exploration (Info Mods)
- ✓ MCIA MCISR-E Information Technology (IT) Support Services
- ✓ Marine Corps Program Manager Intelligence Systems
